

MATEUS NICOLAU DE ALMEIDA

CURRAL TELES

θ (Theta) 2019

Curral Teles is the place where our winery is located. In these wines, human influence on the wine is essentially emphasized, from the grape variety, planting methods, vinification, aging, and more. These wines are made in small quantities, reflecting the experiments conducted in the winery and are not produced every year. They are classified with Greek alphabet letters in honor of the experiments that were conducted in Greek academies.

Location

Douro Superior

Winemaking

Destemmed and crushed grapes placed in an open cement vat. Racking at the final third of alcoholic fermentation, "Descuba Dom Denise." Fermentation was completed in 225-liter French oak barrels, where it aged for 18 months.
